

Our New Year's Resolution is to grow.

What's yours?

A leading boutique organization design & business transformation consultancy is planning its growth strategy with the confidence of a healthy sales pipeline and a clear 3 year business plan

ON THE MARK is hiring experienced, ambitious & commercially-driven Senior Consultants

We offer you:

- ┌ A perfect balance between the excitement of independence and the security of a team.
- ┌ Our close highly-motivated team is culturally miles away from corporate consulting houses.
- ┌ Business development & project work are team pursuits in a supportive environment.
- ┌ Contact us to discuss our reward and remuneration packages, with equity opportunities.

We value:

- ┌ Proven expertise in organisation design and collaborative business transformation.
- ┌ Practical experience in using a variety of collaborative methodologies.
- ┌ Commercial experience of building long-term customer relationships with C-level execs and senior staff (often from scratch) and leadership of one-off transformational projects.
- ┌ Mastery of group facilitation and process consultation skills.
- ┌ Global consulting experience, a willingness to travel &, even better, foreign language skills.

If you possess the relevant expertise, experience and drive, please send us a letter describing your fit to OTM along with your CV/resume to recruiting@on-the-mark.com Please no calls. We will make contact and arrange an introductory discussion quickly.

About ON THE MARK

OTM is a global boutique business transformation and organizational design consultancy; small enough to nurture a sense of team work and collaboration where everyone's contribution is significant, while big enough to have an extensive track record combined with global presence, all adding up to a significant and sustainable growth opportunity.

- ┌ In business for over 25 years, based in Phoenix, USA, and London, UK.
- ┌ Successfully delivered c. 370 redesigns and business transformations.
- ┌ For every type of function and across most industries.
- ┌ Delivered on five continents and over 30 countries.
- ┌ Trained and developed over 5000 internals in our unique solutions and methods.
